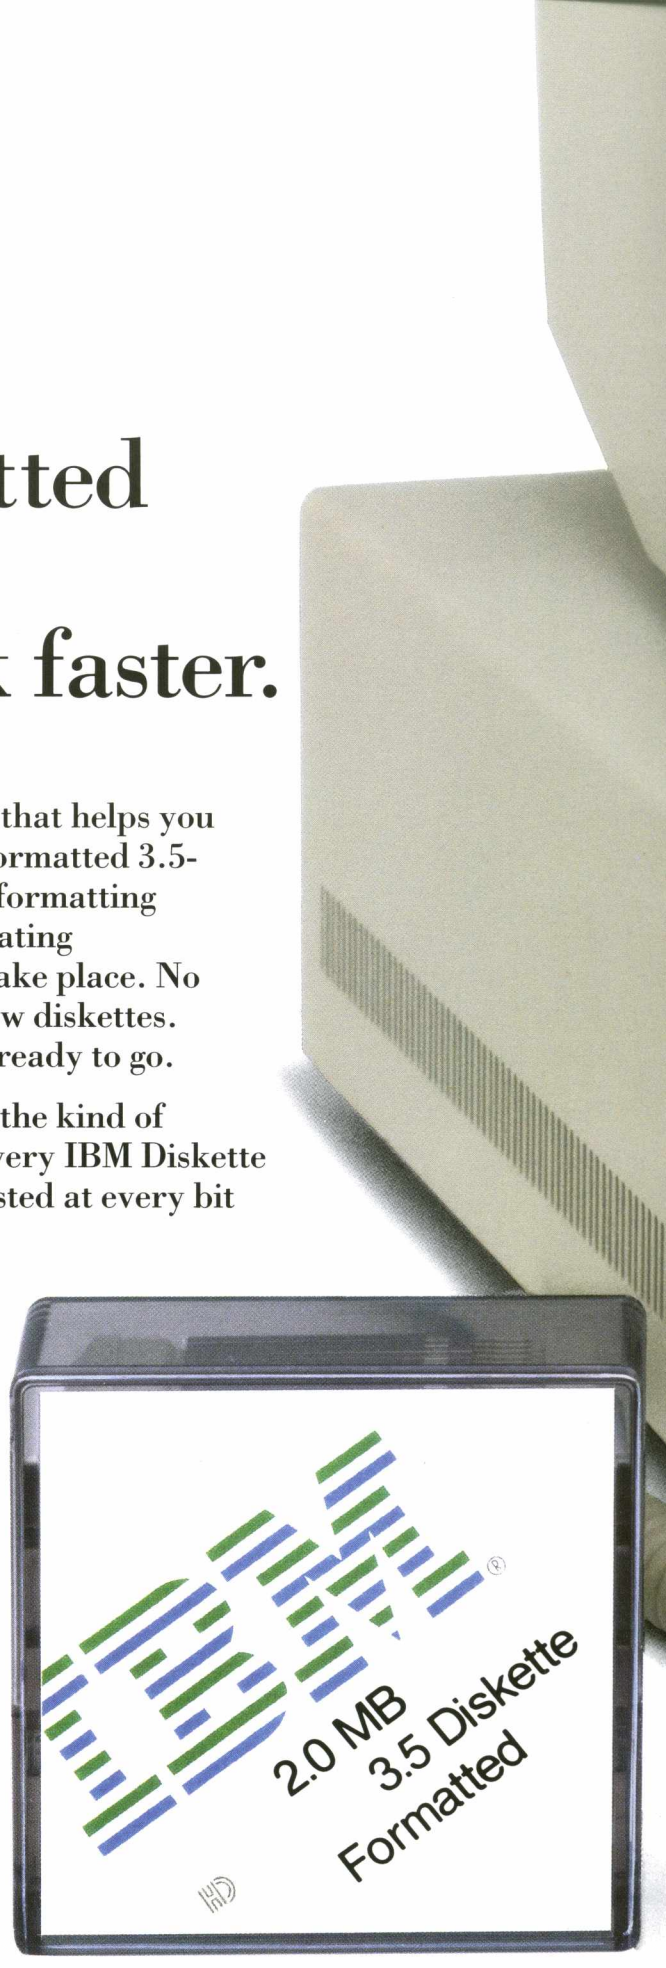
New IBM Preformatted 3.5-inch Diskettes get you to your work faster.

Easier to use. Now there's a product from IBM that helps you save time on the way to your work. The new IBM Preformatted 3.5-inch Diskettes help you bypass all the roadblocks that formatting diskettes can setup. No more tedious searches for operating diskettes. No more tiresome waiting for formatting to take place. No more interrupting crucial work in process to format new diskettes. Just insert the IBM Preformatted Diskette and you're ready to go.

Same IBM quality. There are no shortcuts to the kind of product performance and quality of IBM Diskettes. Every IBM Diskette is manufactured to stringent specifications and then tested at every bit position to assure error-free reading and recording of your valuable data.

An even better investment. New lower pricing now makes IBM Preformatted 3.5-inch Diskettes an even better investment than ever. You'll have a high quality tool that's fully compatible with your IBM PS/2 or equivalent IBM-compatible system running on DOS 3.3 or higher.



IBM 3.5-inch 1.0 MB Diskette, Part Number 6404088, is formatted for the IBM PS/2 with a 720 KB drive, or equivalent IBM-compatible systems.

IBM 3.5-inch 2.0 MB Diskette, Part Number 6404083, is formatted for the IBM PS/2 with a 1.44 MB drive, or equivalent IBM-compatible systems.
